Back Image

Prevent the wall from getting stains by assembling shading plate.

S-20 CATCHING TAPES

Doubled efficiency with our new powerful adhesive tape.

- Mushipon adopts our latest technology which keeps its stickiness for long time containing no harmful substances.
- The insect catching paper is made of resin that is the most suitable for catching insects, resulting in its double catch rate compared to traditional peel-off insect catching paper.
- Ultra powerful adhesive tape.
- Easy to change without your hands getting messy.

Compatible with
HACCP · AIB · GMP · IPM
