

Safe, quick and easy sealing provided at low running cost.

Shape of sealing

Ultrasonic dot-line sealer

Ultrasonic dotted line sealing
for plastic materials without staples

L-QP-01

An alternative to;

Tape

Stapler

Rubber band

Glue

This machine has various uses.

Plastic bags or materials can be welded without the use of a stapler or adhesive tape. Consumables such as staples are not used, and therefore, this sealer can prevent foreign matter from entering.

※This machine is not for airtight sealing.
