

Asahi Industry produces a new urination care product

I always feel secure  
because I have Dandy Urinar.

★Supports independent urination★

# Dandy Urinar

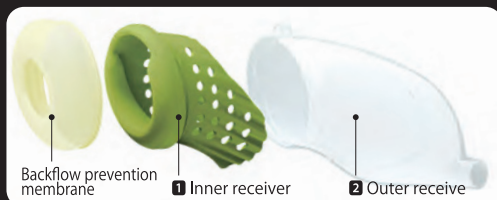

Patent applied for / Design registration applied for

*A wearable urine collector that can be worn to sleep*

Reduces the burden of assistance required  
for night-time urination.

A proprietary idea that is easy  
and comfortable to use!

**1** The wavy shape of the inner receiver prevents sticking to the skin. Includes "barbs" which are cushioned and prevent backflow

**2** Medical-grade gentle texture made of soft silicone 2-layer design to maximize both fit and breathability

A large capacity urine tank (2.8 liters) Also works for nocturia, eliminating the need to handle frequent urination The cap is designed to be removable and attachable with one touch

Special underwear that can be easily put on and taken off with hook and loop tapes.

**A great helper for those  
who provide care!**

It reduces the burden not only for the  
person with urinary troubles,  
but also the people who care for that person.

Now I can sleep  
soundly all night too!

I don't have to worry  
about inconveniencing  
anyone.

I don't have to call  
the nurse to urinate!
